South African Graduates Development Association
YOU ARE THE BEST

Dear Sir/Madam

No one can destroy a united nation, hence they say unity is power. Each year the **South African Graduates Development Association (SAGDA)** in partnership with **TETA** takes pride in changing the life's of graduates and strives to make a difference to the nation in any possible way.

I personally salute you guys for takings several initiatives to empower us as graduates and introduce us to the corporate world, your work is highly appreciated

By far you have not given me any reason to complain. Since 03 August 2015-31 January 2017. I always receive my stipend on time so do my colleagues in different organisations hence I would like to acknowledge and appreciate your efforts.

I'm humble by your service like I have stated in the above sentence you were always on point, it's very sad as our contract came to an end but then you did more than you were expected to, now it is time for other graduates to benefit from you.

I will like to express my heartfelt excitement nonetheless I'll never forget you, one day I will come back to lend a helping hand, thank you **SAGDA** your efforts nor hard work are highly appreciated, once again thank you **SAGDA** you rock!!!

In summation Im Tshepo Motholo from Sedibeng College Vanderbijlpark camps, I Studied Management Assistant and I was under SAGDA Internship Programme since 03 August 2015 -31 January 2017

Yours Sincerely

GT Motholo
Prospective Student
